Library Collection Development Policy

Mission Statements for PC institutions in the Western Balkans.

University of Montenegro

Libraries within the system serve all members of academic community and actively support educational and research needs of the University. They achieve requested goals through their core functions: procurement, processing and dissemination of the library material in all its formats; care and protection of the funds; work with users and continued education of its own staff. All functions and all politics within the system are coordinated by the Central University Library.

University of Sarajevo

The organization and management of recorded knowledge, support of educational and research process, improvement of information literacy and enhancement of quality aiming at dissemination of knowledge in scientific and wider community.

University of Mostar

The University library (SVEMO) serves the needs of academic, university and scientific research community. The library collections are developing according to the study needs.

The Cantonal and University Library in Bihac

The Cantonal and University Library in Bihac is cultural and information center of city of Bihac and the Una-Sana Canton. The basic mission of the library is to ensure access to knowledge, information and cultural programs for educational, professional and scientific work and lifelong learning. Library services are based on the principle of equality of access for all, regardless of age, race, sex, religion, nationality, language or social status.

University of Pristina Kosovoska Mitrovica

The University has founded a system of libraries in such a way that it represents an organizational unity within its whole complexity. The library's work takes place in the context of tuition, science-based research work and educational and cultural processes at the University. The goal of the University Library service is to raise the degree of development of a unique library system at the University, as well as the overall academic activity. This, we manage to do by implementing a large number of integrative functions into our library.

University of Pristina

The mission of the library is to collect, preserve, promote and make accessible the documentary and intellectual heritage of Kosovo.

University FAN S NOLI of Korce

The mission of University FAN S Noli of Korce Library is to deliver quality information services and collections to meet the needs of the University and regional scholarly community; to support the University's mission to contribute to society through the pursuit of education, learning and research related to its precious mission, that is to educate the young generations in over 25 economic and social fields of study, that our university offers.

Agricultural University of Tirana

The mission of "Mentor Permeti" Library (Agricultural University of Tirana) is:

Development of the high quality information services, resources and environments to support the research, learning and teaching of the University, to support the students, the academic staff and the specialists of the agriculture fields in their advancing in the world of knowledge
